

More benefits.
Less worry.

Compassionate support, as unique as you are.

At Coordinated Care, we know that gender and identity journeys are different for each of our members.

Wherever you are on your journey, we can support you with professional, caring staff and resources to get the most out of your health care.

We are committed to improving the health of the community, one person at a time.

We believe:

- that treating people with kindness, respect, and dignity empowers healthy decisions.
- in treating the whole person, not just the physical body.
- we have the responsibility to remove barriers and make it simple to get well and stay well.
- local partnerships enable meaningful and accessible healthcare.
- healthier individuals create more vibrant families and communities.

Lesbian, Gay, Bisexual, Transgender, Questioning + Members Welcome!

We are a local health plan treating the whole person by removing barriers to care and connecting members to what they need.

With Coordinated Care, you can:

Select the right provider from our network so you feel comfortable asking questions and getting care.

Get the urgent care and hospital attention you need.

Connect with behavioral health experts in our network, who can support the whole you.

Take advantage of our resources and rewards programs to keep you healthy.

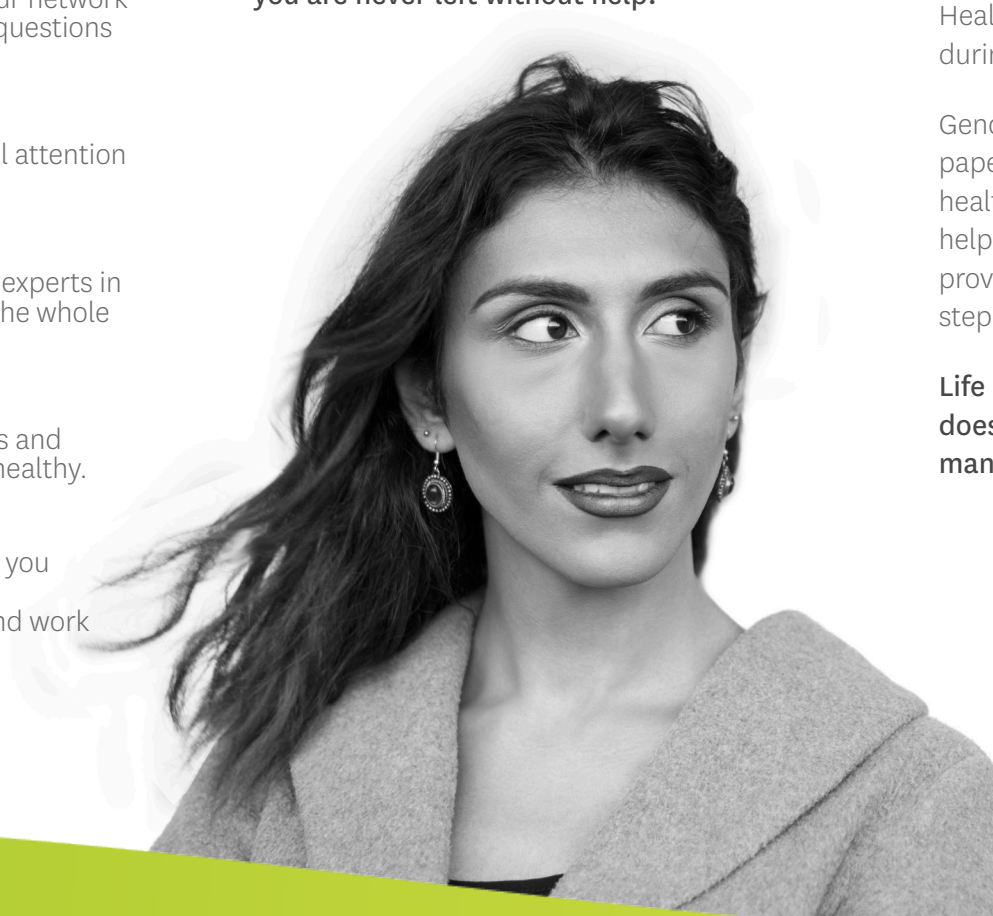

Have a care manager who helps you navigate health care, assist in conversations with providers, and work with you to meet your goals.

Refreshingly helpful.

At Coordinated Care, we know that having coverage and being healthy are not the same thing. We help you bridge the gap and get the services you need to be healthy.

It is crucial to feel safe and understood when you visit your doctor. Our staff can help you find the right one for you from more than 24,000 providers in our network.

And with our 24-hour Nurse Advice Line, you are never left without help.

Gender-Affirming Care Management

As a Coordinated Care member, you can choose to enroll in care management to get support exploring or pursuing gender-affirming services.

Care management is confidential and is one of the no-cost benefits of being a Coordinated Care member.

Our care managers can help you navigate services covered by Coordinated Care and the Health Care Authority. They are here for you during your health care journey.

Gender-affirming surgeries require paperwork and approval from a variety of healthcare providers. Your care manager can help you collect and prepare any paperwork and provider reports so each part of the process is a step in your journey and not a barrier to care.

Life is complicated. Your health care journey doesn't have to be, with help from care management with Coordinated Care.
